

Why you should choose Focus Physiotherapy

- 1- We are Physiotherapist Owned and Operated. We emphasize the quality of your care not the quantity of your care.
- 2- New patients can be seen on the same day, we offer more services than any clinic in the area and we offer treatment with your initial consultation
- 3- We work with your insurance companies
- 4- We offer extended and convenient treatment times up to 8 pm
- 5- You will receive a customized treatment plan based on your specific needs
- 6- Our goal is not to simply meet your expectations, but to exceed them
- 7- You can expect to be greeted by a friendly staff person, receive the very best care, and have an overall great experience when visiting our office
- 8- Our Staff keeps abreast of the latest research and techniques by attending conferences and seminars
- 9- Our goals are to resolve your problem, not just temporarily relieve it. Although medication and other forms of treatment can be helpful in relieving symptoms, physical therapy produces a long-term result.
- 10- Doctors and medical professionals who know and understand Physiotherapy regularly send their loved ones to Focus Physiotherapy.

You should always choose a Physiotherapist who has the interest, training, and experience to provide the appropriate health solutions that you need.

We look forward to meeting You
